## Adopt an Athlete

An innovative, almost perfect program, by The St. Vincent & the Grenadines United States of America Sports Association (SVG-USASA). One in which everyone benefits in some way. Adopt an Athlete provides an opportunity for organizations, companies and individuals to be part of the support structure of our athletes and teams.

Yes, we all cheer, and rightfully so, for the victories, and draw pride from the accomplishments of our athletes and teams. However, have you ever wondered what it takes to get our athletes, our teams to the heights they have attained? Across the spectrum, our athletes are in need of more than just our moral support; they are in need our tangible funding.

Signal your commitment to lifting Vincentian sports to new heights by pledging to keep our athletes & teams fully equipped and outfitted.

The best part of the Adopt an Athlete program is, SVG-USASA does all the work, while you, your company or organization, gets all the positive recognition. It has never been so easy for you or your business to support Vincentian Sports.

**Your generous contribution strengthens our collective commitment to Vincentian sports excellence.**
